

# PATRIOT

There is **POWER MOBILITY** and there is **POWERFUL MOBILITY!**

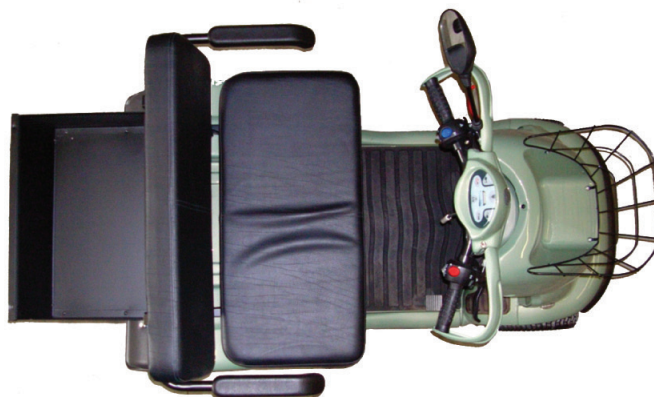

The PATRIOT is very advanced and way ahead of the competition. It is in a class of its own in terms of design, comfort, equipment, suspension, steering and safety.

The PATRIOT is the most powerful scooter on the market. It can be used on tracks usually reserved for all terrain vehicles in a much more ecological way. Its powerful 3 HP engine is quiet and totally friendly environment. With its wide rear wheels, it has an unbelievable stability, which makes your rides safer.

With its wide double seat you can legally ride with your lover, a friend or even pets. **THE DREAM COMES TRUE!**

The PATRIOT has a high duty rear basket that allows the driver to carry almost anything he wants. Its all-terrain capability gives you the freedom and the independence to do what you want on your own terms. With a range up to 35 km and a weight capacity of 500 lbs., you can easily see why it is the best scooter ever built.

With a German technology, the PATRIOT has all its equipment available at fingertips: automatic brake, complete light system including brake lamps, and many other features normally seen on cars or motorcycles.
